A COOL ANSWER—A customer asked the operator of a local grocery outlet this weekend if the ice he sold was clean. She wanted to purchase some of the stuff.

Before he could answer, another customer and bystander who overheard the question replied for the proprietor:

"You can bet the ice here is clean. They wash it every time before they freeze it."

99 — 99 — 99

And then there are some more signs that contributors find amusing. Perhaps you have seen them.

One says: "THINK before you louse things up."

Then there is the sign all salesmen love to see hanging in the whereabouts of a prospective customer's office.

It points out: "We shoot every third salesman. The second one just left!"

99 — 99 — 99

A LOCAL CALL? A contributor who regularly finds material for "Ninety-niner" came up with this one:

"A Texas oil man visiting in Pittsburgh made a phone call and screamed his head off when the operator told him the charge was 60 cents.

"What!" he roared. "Back in Cameron, Texas, I could talk to Hades and back for 60 cents!"

"Maybe so," replied the operator curdly, "but that would probably be a local call."

99 — 99 — 99

We don't know about local telephone calls, but we did hear the city council consider adding a net to the equipment of the local police department.

The council had already heard the final reading on the city's first dog control ordinance. And one councilman had suggested that cats be included.

Said one councilman: "How would the Chief (Police Chief Maynard Byers) catch cats? Have you ever tried to catch a cat for vaccination?"

Came the reply: "Give 'em a net to catch the cats."

Upshot of the matter was that the council tabled the matter for further study. Cameron cats are still free to roam.

But the dogs were not so lucky. The dog ordinance is law.

Committee Draws Ballot Lineups In Rockdale Meet

The 1956 Democratic primary ballot lineup was drawn last week at a meeting of the county executive committee in Rockdale, Chairman Max McClaren has announced.

He also noted that the Milam County committee has received about 100 replies to a letter surveying other county committees in Texas on reaction to Gov. Price Daniel's move for precinct voting changes.

McClaren said that Daniel's changes would abolish the precinct convention, which the county chairman says, "is the basic component of our Democratic system of government."

The Milam County committee went on record in strong opposition to Gov. Daniel's recommendations, McClaren continued.

E. A. Camp, Rockdale attorney and chairman of Precinct 15, discussed the need for retaining the present precinct convention methods and primary election dates. Election managers for the July and August primaries were named and approved by the committee, McClaren said.

McClaren added that about 85 percent of the Texas county committees disapproved of the Daniel measures.

L. A. Petty, committeeman from Sharp Precinct, drew names for the July 26 ballot.

4-H WINNERS—Shown above are Milam County entries in the State 4-H contest at Texas A&M June 11. Front from left are Henry Tomesek, Arvell Jungmann and Billy Gelner, members of the grass judging team that won 11th place; Kenneth Kirsch and Bobby Rosenthal, second place winners in poultry demonstration. Second row are Benard Jungmann, tractor driving contest and Robert Hoermann, assistant county agent. At lower left are (from left) Eugene Michalka, Carroll Wayne Gleser, Joe Walzel and Adrian Richter, members of the state champion judging team. It was the second year in a row a Milam County team won first in state poultry judging.

Shooting Injures Two Men Sunday At City Park

Hubert Edmondson, Jr., proprietor of the Mona Lisa Bar in Santa Fe Town, is in a Cameron hospital today following a shooting in Wilson-Ledbetter Park Monday morning.

Also hospitalized is John Arebalo. He is reported in good condition in a Marlin Hospital. Jailed are Joe Romas, Ronnie Chapa, and Ray Rables.

Charges of illegal carrying of a pistol were filed against Edmondson, according to Sheriff Carl Black. Romas, Rables and Chapa are being held on charges of fighting.

Sheriff Black said a dispute started at Edmondson's Mona Lisa Bar, and the shootings occurred in Ledbetter Park.

Black said the men's gunshot injuries were minor.

Ten Percent Pay Increases For Guardsmen

Guardsmen of Milam County's National Guard unit, Battery C, 649th Anti-aircraft Artillery Battalion received substantial pay increases as a result of the new military pay raise which became effective June 1, the unit reported today when announcing new developments in the organization.

The revised pay scales, which Battery C has just received, show an average increase of about ten per cent. Many officers and non-coms, however, received varying increases in pay, depending on their rank, time in service, and duty assignment in the organization. Members with less than 2 years of service did not receive any raise in pay over the old rates.

Battery C's total payroll for last year amounted to almost \$27,000, the unit said, for armory training periods and two weeks of summer camp. It is expected to be several thousand dollars more for 1958.

Reporting on other recent development, Battery C said five promotions were made in the unit last week. It listed them as:

\$2,000 Loss Results In Diver Home Fire

A fire Monday afternoon at the Vernon L. Diver home, Milano Highway, caused an estimated \$2,000 damage, according to city Fire Department officials.

The inside of the home, belonging to Mrs. John McLerran, was heavily damaged and furnishings and clothing reported a total loss.

Diver's wife and daughter, Barbara Jean, 3, were visiting Mrs. McLerran just a short distance from the house when the fire broke out.

Diver, who is employed at the Hudson Trucking Service, has two other children, Eddy, 9, and Roger, 11, who were not at home at the time of the fire.

Sheriff Arrests Shooting Suspect In Littlefield

Willie McCormick, 46, Cameron Negro, has been arrested in Littlefield after a four-month hunt to locate the suspect in the shooting death of another Cameron Negro. Sheriff Carl Black made the arrest about noon Monday in Littlefield.

Black said that McCormick is being held in the Milam County Jail awaiting trial. The county sheriff said that McCormick had been indicted this spring by a district grand jury.

McCormick disappeared following the fatal wounding of Ollie Benjamin Milton January 29. The shooting occurred at 1507 West Eighth St., officials said.

Police said at the time of the shooting that witnesses were Mrs. Lizzie Ann Williams, 1507 West Eighth St., Dorothy Lee Lewis and James C. Lewis.

Authorities said that Milton and one other member of the group were leaving the house when the shooting occurred. Milton was shot with a .22 rifle.

Police said that McCormick disappeared, but left a .22 rifle with his brother-in-law early on the morning after the shooting.

Equalization Board Lists New Valuation On 43 Properties

The 1958 Cameron Equalization Board Tuesday issued new valuations on 43 city business and residences out of 4,054 listings on the tax roll.

In a report from B. F. Stewart, 1958 board chairman, and members J. T. Parma and Leland Green, Jr., valuations were upped on 39 properties by \$24,025.

Six personal listings were increased by \$32,745. The six properties were formerly valued at \$496,240, the report showed.

Total value of the 39 valuations now is \$66,650. Former valuation of the 39 changes was \$42,625.

But Wilson pointed out that the city must meet about \$48,000 per year in bond obligations and cannot legally reduce rates for any water customer.

Jack Prescott, city attorney, indicated that lower rates for volume water consumers may be possible after the water plant has been in operation one year.

Appeals for lower school water rates had been made by Dr. David Shapiro, board member, earlier this year.

The council also approved final reading of two ordinances clearing the way for a city-state maintenance agreement and authority for Mayor Wilson to make easements with west Cameron property owners for a farm-to-market road to Yarellon.

In an earlier meeting June 6, the council reduced the salary of Patrolman John Wilkinson to \$225 and raised salaries of Patrolmen George Johnson and Warren McClellan to \$225 from \$185.

Herald Wins State Editorial Honors

The Herald Saturday won statewide recognition for Cameron.

Cameron's county-seat newspaper won fourth place in editorial competition among Texas' top weeklies in towns of 6,000 or more population.

Receiving the award at the Texas Press Association meeting for The Herald was Frank M. Luecke, Herald editor and co-publisher.

Similar editorial awards were won by Luecke at the Purcell, Oklahoma, Register in 1955 and 1956. He won first place in an editorial contest in August, 1955, sponsored by the Oklahoma Press Association and an honorable mention in March, 1956.

The press meeting was held in Dallas over the weekend. Top winner in the editorial division was the Seguin Enterprise, a large weekly in the 15,000-population city.

About 300 editors, publishers and their families attended the conference in Dallas. Newspaper awards went to about 60 of the state's leading weeklies and dailies.

The convention included a number of conferences and clinics on new developments in newspapering. The group toured Chance-Vought Aircraft plant in Grand Prairie and heard the assistant general manager of United Press International.

Herald editorials cited in the contest were on Alcoa's cutback, local juvenile delinquency and discussion of building progress in Cameron.

City Hears Requests For Line, Lower Rate

The City Council Tuesday night heard renewed requests for sewerline service in northeast Cameron and lower summer water rates for the Cameron schools.

Mayor Bassel Wilson told members of the school board that bond laws made it impossible for the city to allow exceptions in the water rate structure. He said that Cameron's water department had lost nearly \$1,000 in May due to rains.

Councilmen also heard a request for a sewerline in northeast Cameron from E. O. Schiller, Jr., 1603 N. Harding, and Hilliard Thomas, 1704 N. Hoover.

Funds To Be Available

Councilman Richard Moseley said that funds probably would be available within 60-120 days for other lines in Cameron. The sewerline funds would come from bond money left over from construction of the near-completed city sewage disposal plant.

The council two weeks ago voted to complete a \$5,000 trunkline in Terral Heights. Tuesday night, the council voted to continue study on the East Gillis St. project following a closed session.

Wilson said no definite plans had been made for a sewerline in northeast Cameron, but consideration would be given when the city knows how much is left from disposal plant construction.

Supt. Wiley Loughmiller asked the council's consideration in getting lower water rates for the schools from June to August. He noted that he Cameron district was spending about \$2,100 a year on water.

Big Payments

But Wilson pointed out that the city must meet about \$48,000 per year in bond obligations and cannot legally reduce rates for any water customer.

Jack Prescott, city attorney, indicated that lower rates for volume water consumers may be possible after the water plant has been in operation one year.

Appeals for lower school water rates had been made by Dr. David Shapiro, board member, earlier this year.

The council also approved final reading of two ordinances clearing the way for a city-state maintenance agreement and authority for Mayor Wilson to make easements with west Cameron property owners for a farm-to-market road to Yarellon.

In an earlier meeting June 6, the council reduced the salary of Patrolman John Wilkinson to \$225 and raised salaries of Patrolmen George Johnson and Warren McClellan to \$225 from \$185.

A new 85-acre recreation area named after the late Milam County Air Force Captain Russell R. Bowling is being dedicated today at Lincoln Air Force Base, Nebraska.

Captain Bowling, son of Mr. and Mrs. Leon O. Bowling of Gause, was killed in England in 1956 while on temporary duty from the Lincoln Base.

Bowling's wife and children live in Tucson, Arizona. The dedication will open a 4-day aqua-air show with approximately 200,000 persons from eight states expected to attend. Dignitaries from throughout the United States will take part in the program.

Almost 4 Inches Pours Down In Part Of County

County crops got a boost of needed rain in a general down-pour that measured 2.33 inches in Cameron Tuesday morning.

Agriculture spokesmen said that the rain hit about as well timed for crop needs as could be expected though rain was needed earlier.

Reports said that rains totaled almost four inches in parts of the county.

Lightening struck one telephone pole in the Elm Community northwest of Cameron, burning it down, officials said. SW Bell Telephone Company said that about 20 phones were affected by flash.

Lightening shorted electricity in a few Cameron homes, but damage was minor.

Rains during the past two weeks totaled 2.62 inches with 23 inch and .06 inch falling June 5 and June 16, according to the Cameron weatherman.

County Agent J. D. Moore said this week that surface moisture had not been critical, but that the rains would greatly benefit the summer crops.

He noted that good quality small grain is being harvested throughout the county. Maize and corn are approaching tasseling and heading stages, he said.

Truck crops are already started and cotton is blooming.

In Cameron, the rains fell steadily over Monday night.

Agriculture officials termed the rainfall a turning point in the growing season.

One spokesman said that some crops would have burned up if rain had not fallen this week.

Weather Notes

Weather forecast for more hot, dry weather following a 2.33-inch rain Monday in Cameron and Milam County. Rain totaling 2.62 inches fell during the past two weeks. Temperatures ranged in the mid-90's.

Boll Weevil Damage Reported In County

The cotton flea hoppers continued to infest cotton fields this week even though proper early season applications had been made. The heavy flea infestation was due to the migration of the fleas from the pastures to the more succulent cotton plants. The small percent of our farmers that produce more than the average for the county of 1 bale to 3 acres know that the cotton crop is made or lost during insect control time. The early squares produce the early bales of cotton in the fall.

Being able to set early squares and harvest early cotton last fall was the difference in a profit or loss on the cotton crop. If cotton is not setting squares and fleas are present, poison the cotton. Boll weevil damage was very evident in many areas this week.

Pink Boll Worms

Pink boll worms were reported in the Val Verde community. Farmers are advised to check their fields for rosetted blooms. If present, a count should be made by stepping off 100 steps down the row (300 ft.) and count the rosetted blooms. This count should be made in 5 representative places in the field.

The total number of worms infesting the rosetted blooms from the 5 locations (1,500 ft.) multiplied by 10 will give the approximate number of worms per acre. When 500 or more worms are found per acre, begin treatment immediately. Use DDT dusts or sprays at 2 to 3 lbs. per acre at 7 day intervals or 1 1/4 to 1 1/2 lbs. per acre at 4 to 5 day intervals when combined with other insecticides.

Boll worms usually do not occur until mid-July. The cotton boll worm is the same insect as the corn ear worm. As corn starts maturing, the boll worm moth leaves the corn and starts laying

eggs on the cotton plants. A few young boll worms were found in the Bryant Station vicinity this week. Granting that this is extra early for boll worms, farmers are advised to look out for them.

Fire Lanes

Fire lanes made by plowing furrows around pastures is advised. Especially those adjoining public roads. A disc or oneway type plow could be used to plow an area 6 to 8 feet wide around the pasture to prevent burning grass from entering the area from the public road or highway. Not only valuable grass, but also farm buildings may be saved by preventing fires from spreading. Motorists can help prevent fires by not throwing burning cigarettes or matches out of their cars.

Small Grain Crop Nears Completion

The Milam County small grain harvest is about completed, according to J. D. Moore, county agent. He termed the quality good.

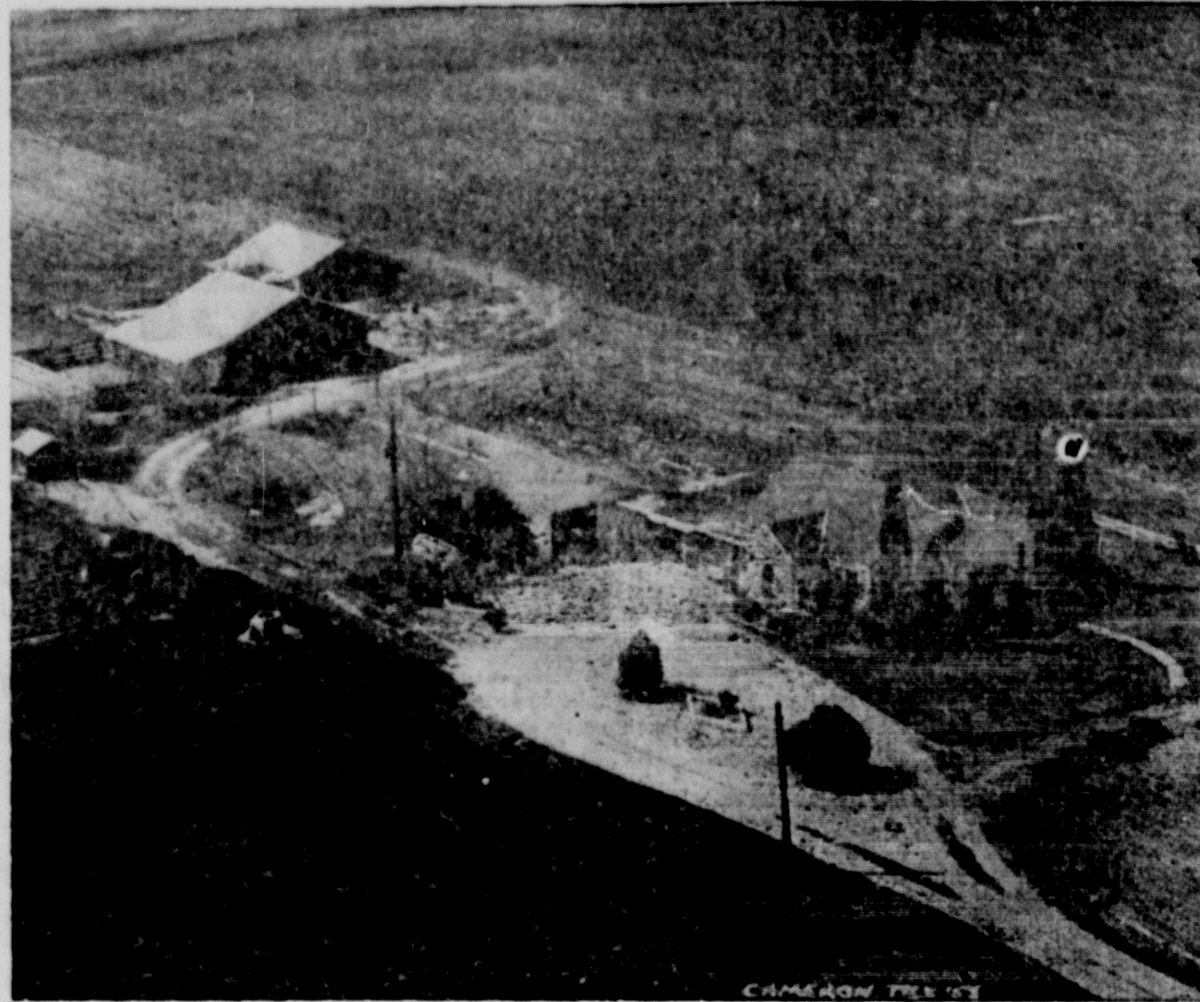

Corn is at the tasseling stage while maize is heading, he said. Both crops are looking good.

Surface moisture was not critical, but a good rain was needed for corn, maize and other feed crops, Moore continued. Field work continued to make strong progress.

Cotton started blooming this week while poisoning continued in the annual fight to control insects.

In the truck crops, tomatoes, peas and other vegetables started moving, he said.

Livestock conditions held at a favorable peak with local markets strong.

WERE YOU RIGHT?—The Mystery Farm last week was that of Edmund Pimpler, Waco Highway. Correct identification was provided nearest the beginning of 12 Noon Thursday opening time by Mrs. W. E. Chamberlain, Walkers Creek. Hornung Hatchery presented 50 baby chicks to Mrs. Chamberlain

and 50 chicks to Virginia Cummings, Rt. 1, Cameron, who called next closest to the contest time with the correct answer. Pimpler received a framed picture of his farm. Watch for the Mystery Farm this week and see if you can identify it.

Necessary Bigness . . .

Our economies seem to require things to grow bigger to exist.

So it is this week with a vote approving the incorporation of two more dependent school districts into the Cameron Independent district.

We are sure that no community likes to give up its school. It is the focal point of community life, sharing the activities of all age groups with community churches.

But when the school population diminishes to a point where per pupil costs are terrifically high and the system is unable to present a balanced program of instruction and activity, the inevitable happens. The inevitable is consolidation.

However, the physical loss is compensated by the gain of the students, attending a school that can provide a wider range of instruction. Solution to our economic problem in theory creates a better atmosphere for learning.

That atmosphere is most necessary for our youngsters. They can no longer compete in a satellite-filled world without the fundamentals of sound elementary and high school education.

Many can remember the "little red schoolhouse" era in Milam County when small schools dotted the countryside. These are fond memories. And who is to say that the personal attention received in those schools was not the best? Educators prove that personal instruction is best for all students.

Yet all roads seem to be leading to bigger schools, bigger churches, bigger centers of all kinds of interest. The roads are seldom built by intent, but by necessity.

The only stopping point is that point where bigness gets unmanageable. We wish we knew the point.

THE LITTLE RIVER PHILOSOPHER

Sage Differs With Congressman On
Returning Government To The People

Dear editor:

I was listening to the radio the other night - I don't listen to it very much on account of it doesn't leave enough time to think, by the time somebody has said something and you settle back to think it over he's off on something else. I prefer a newspaper, where you can read a paragraph, think it over, sleep on it awhile, get up and walk around, and still come back to the same place - at any rate, I was listening to a Congressman, I don't even know what state he was from, and he said something that suddenly made me come alert.

What he said was: "It's time we returned the government to the people."

Now I have heard this statement lots of times before, but somehow or other it stuck in my mind this time and I've been thinking it over for a couple of days and have come to the conclusion that as far as I'm concerned I'm not sure I want the government back. Not at this time.

That is, I guess if I was running the government and it was in the financial shape it is, I'd be looking around for somebody to unload it on too, but with my present financial strain I don't see how I can take it on.

Understand, I think the government's sound all right, it still owns more than it owes and it has an awfully steady income, and I think it will eventually pay out, but it's the longest-term investment I ever heard about, and some of its stockholders are the hardest people on earth to please.

Nope. I don't believe it's the right time to return the government to the people. We're saddled with so many other debts and burdens I just don't believe we're in shape to take on anything else right now. A man can get too far out on the limb.

I'll appreciate it if you'll tell that Congressman and any other government officials who have come around to the conclusion it's time they gave the government back to the people that I decline the honor. They're stuck with it and will have to work it out the best way they can.

In fact, the more I think about it the madder I get. That's a shoddy trick, waiting till the government's in the shape it is and then trying to give it back to us. Yours faithfully,
S. A.

Auto Accidents Cited As Public Emergency

By Vern Sanford

Texas Press Association

AUSTIN—If a fire-breathing dragon were loose on the Texas countryside — smashing cars and their occupants, slapping down pedestrians — there'd be no question about the need to get rid of the monster. An aroused public would demand that SOMEBODY DO SOMETHING!

In actuality, innocent people ARE being maimed or killed every day as they go about their business. Thousands are lost every year.

But somebody IS doing something. Right now, officials and private citizens are forming a massive "posse". They're going after the killer — the monstrous indifference, carelessness and other difficulties that bring death on Texas streets and highways.

Leaders are members of the Texas Traffic Safety Council created by the Legislature just a year ago. Gov. Price Daniel is chairman; Col. Homer Garrison Jr., director of the Department of Public Safety, vice-chairman. Heads of numerous other state agencies are members.

Formation of the Council was the starting point for a campaign which, for the first time, brought the official power and prestige of state government to bear on a growing problem. For some years Texas vehicles and their drivers had been outgrowing highway facilities and outdistancing law enforcement agencies by sheer weight of numbers. In 1956 Texas had an appalling all-time high of 2,611 motorcyclists.

Governor Daniel called it a public emergency.

With only a skeleton organization, the Council hammered away through 1957 at tightening enforcement, organizing holiday safety campaigns. By the end of the year the toll had dropped by 72.

In February of this year the governor appointed the state's first full-time traffic safety director. He is Brad H. Smith, veteran South Texas newspaper, radio and television man and past president of the Texas Press Association, who has for many years been a volunteer worker in traffic safety.

First move was to acquaint Texans with the enormity of the problem. In this Smith says he's had unstinting help from mass news media and volunteer assistance from every type of civic group.

In April Governor Daniel climaxed publicity efforts with a statewide broadcast calling for a "crack down" on two major traffic evils—speeding and driving while intoxicated. Simultaneously, local traffic safety councils were formed in 190 counties. An estimated 5,000 people participated.

Meanwhile, the battle is being pushed on other fronts. A survey of traffic-controlling resources resulted in recommendation of a 7-point program to bring Texas up to par:

1. A statewide program to bring greater public cooperation.
2. More rigid enforcement of present laws.
3. Adoption of the Uniform Driver's License Law.
4. A law to permit police to use chemical tests and other scientific aids to detect drunken drivers.
5. Development of strong, fair, effective traffic courts.
6. A State Highway Patrol double its present size.
7. Universal driver education in public schools supported by state aid.

Besides the state agencies working cooperatively through the new Council, other groups are part of

the crusade. A major source of help is the 20-year-old Texas Safety Association, a pioneer group which finances its efforts on a voluntary basis.

Texas Legislative Council is studying traffic problems and will report to the 56th Legislature.

Bringing new weight is the Governor's Highway Safety Commission. Scores of prominent Texans answered Governor Daniel's call to give citizen support to official efforts. First Commission meeting is set tentatively for Fall.

Results thus far are encouraging. For the first 23 weeks of this year the toll was down by 101 persons, about 11 per cent, from last year. There were 163 fewer deaths, down about 17 per cent, from '56.

Goal for 1958 is a year-long 10 per cent drop or 254 lives saved — a real stab at the dragon.

Farm Bureau Plans

Monthly Meeting In Thorndale Tuesday

The regular monthly meeting of the Milam County Farm Bureau will be held in Thorndale on Tuesday at the Fireman's Hall.

The meeting will open at 8 p.m. Howard Boswell, executive director of the Soil Conservation Districts will be the guest speaker. He will show slides of the progress made in this work over the different districts in Texas.

Local Thorndale talent will furnish musical entertainment for the program.

Members of the Thorndale Farm Bureau chapter will serve refreshments. President O. G. Tumlinson urges all Farm Bureau members over the country to attend and the general public is invited to also attend this most interesting meeting.

D. M. Phillips of Thorndale is president of the local Farm Bureau Chapter which has a membership of 150.

Miss Adeline Posival Weds Edwin Mueck

Miss Adeline Posival and Mr. Edwin Mueck were married at 2 p.m. Saturday in a double ring ceremony at St. Monica Catholic Church.

The bride is the daughter of Mr. and Mrs. Frank Posival and the groom is the son of Mr. and Mrs. R. H. Mueck.

Baskets of white gladiolus decorated the church and nuptial music was furnished by Catherine Mikula, organist, and the St. Monica Choir.

The Rev. Alfred Kallus officiated.

Given in marriage by her father, the bride wore a chapel length gown of French imported bow-knot hand-clipped Chantilly lace with a decollete neckline accented with multi-color sequins. The long sleeves tapered at the wrist. The skirt featured side panels of hand pleated nylon ruffles.

Her nylon net fingertip veil was caught to a plateau encrusted with multi-color sequins. She carried a cascade of white carnations on a white Bible.

Miss Edna Mueck, sister of the groom from Houston, was maid of honor and Mrs. Evelyn Glaser was

bridesmaid. They were dressed identically in lime green gowns and carried cascades of pink carnations.

Frank Mueck, cousin of the groom, served as best man and Franklin Glaser was groomsmen. Ushers were Paul Mueck of Cameron and Oscar Oliver of Killeen.

Mr. and Mrs. Posival were hosts for a reception at Simon-George Hall following the ceremony.

Pink and white Horace reeds decorated the hall and the bride's table was covered with a white linen cloth and centered by the three-tier wedding cake.

The bride's sisters, Mrs. Frances Oliver of Killeen and Miss Genevieve Posival of Dallas presided at the refreshment table. Mrs. Rita Hlovacek, sister of the groom of Houston was in charge of the bride's book.

Mrs. Posival chose a grey dress, matching accessories and white corsage for her daughter's wedding. The groom's mother wore a navy blue dress, matching accessories and white flowers.

A graduate of Milano High School, the bride is now employed at the First National Bank. Mr. Mueck is employed by Walled Lake Door Co.

Mr. and Mrs. John R. Hays attended the Postmasters convention in McAllen June 8 through 11. They also visited points of interest along the way including Kings Ranch and Old Mexico.

Worthy Matron, Patron Installed In Impressive O. E. S. Ceremonies

Cameron Chapter No. 553 O.E.S. open installation of officers was held in the Masonic Hall June 6.

On each side of the East were tall white candelabras holding light blue tapers and ribbons. In the West were Trelises entwined with green ivy and yellow roses. Centering the West was a huge basket of yellow gladiolus.

In the hall silver stars hung from the ceiling by blue ribbons and a wrought iron frame entwined with ivy and yellow roses outlined in silver glitter letters the Worthy Matrons theme for the year.

Candle Lighting
The ceremony opened with the lighting of candles by Suzanne Lippman and Rebecca Harden, and Gertrude Harsha singing "God's Little Candles," accompanied by Grace Reid.

The Holy Bible was presented to Mrs. Mable Dodson by Linda Brashear and the square and compass were presented to Thomas Brashear by his son, Tommy, and then placed upon the altar.

Junior Past Patron, Dean White, called the meeting to order and Junior Past Matron, Grace Reid, gave a gracious welcome.

Mrs. Dodson Installed
Mrs. Mable Dodson was installed as Worthy Matron and Mr. Grady Allen, Sr., as Worthy Patron. Mrs. Jewell Williams was installed Associate Matron and Mr. Bob Williams, Associate Patron.

Other officers are: Mimes, Virginia Sanders, Johnnie Lee Richards, Maude Ryan, Myrtle Keith, Natalie Asher, Irene Smith, Grace Reid, Stella Brock, Elizabeth McGehee, Alice Nelson, Grace Loughmiller, Eleanor Luckey, Mary Houston, and Mr. Elliott Crook.

Mrs. Ruby Enloe, Worthy Grand Matron, was the installing officer. She was assisted by Mrs. Besie Allen, Installing Grand Chaplain, Mrs. Mildred Covey, Installing Grand Marshall and Mrs. Grace Reid, Installing Grand Organist.

Mrs. Dodson presented a Past Matrons jewel to Mrs. Reid and Mr. Allen presented a Past Patron's jewel to Mr. White.

Special Program
The program "Let Your Light Shine" was presented by Mrs. Jewell Williams, special courtesy by Mrs. Johnnie Lee Richards. A tribute to the Holy Bible was given by Grady Allen and the Benediction was led by Rev. Aubrey Russell.

At the reception following the installation refreshment tables were covered with light blue satin cloths overlaid with light blue nylon net. Yellow rosebuds edged the cloth.

The central floral decoration was a silver epergne filled with yellow rosebuds flanked by silver candelabras holding light blue candles.

The refreshment table held a yellow cake molded as a Bible and inscribed with 1st John, 1st Chapter, 7th Verse. A gavel, bluebirds and yellow roses also decorated the cake.

Serving the cake squares, mints, and punch were Mrs. Harriet Dodson Brashear and Mrs. Danna

MRS. MABEL DODSON pictured as she is installed Worthy Grand Matron of the Cameron Chapter No. 553, O.E.S. Installation ceremonies were held at the Masonic Hall.

Mr. and Mrs. Vince Lesikar visited his son and family, Mr. and Mrs. Raymond Lesikar in Baton Rouge, Louisiana, last weekend.

Mother Goose Party Honors Beth Brady On Fourth Birthday

A "Mother Goose" birthday party honored Miss Beth Brady on her fourth birthday Monday. She is the daughter of Mr. and Mrs. Charles Brady, Jr.

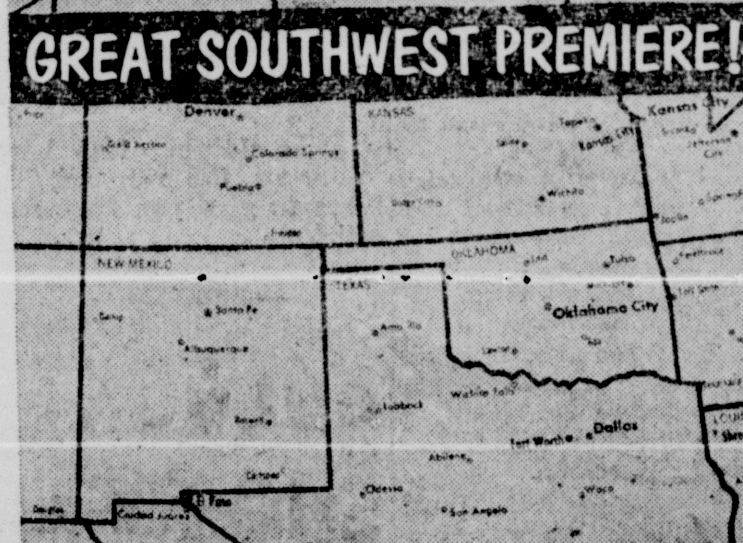

The yard was gayly decorated with pom poms of crepe paper and balloons of green and yellow. Featured on the refreshment table was the green and yellow birthday cake made in the shape of a shoe with a brown roof which held four candles. Surrounding the cake were the Old Lady that lived in the shoe and all of her children. At the far end of the table was Mother Goose wearing a gay bonnet.

Tabasco Tops In Shrimp Creole

Shrimp Creole is a glamorous Lenten dish, quick to prepare and conveniently made all in one skillet.

In the tradition of fine Creole cookery, Tabasco is added during cooking for that true Louisiana piquancy. Measure the liquid red pepper seasoning for just the right amount of flavor.

Shrimp Creole

4 tablespoons butter or margarine
1 medium onion, chopped
1/2 cup chopped green pepper
1/2 cup diced celery
1 minced garlic clove, optional
1 can (20 ounces) tomatoes
1 can (6 ounces) tomato paste
Melt butter; add onion, green pepper, celery and minced garlic; cook until onion is tender, but not brown. Add tomatoes, tomato paste, Tabasco, sugar, salt, paprika and chili powder. Simmer until sauce is thickened, about 25 minutes. Stir in shrimp and hot cooked rice; heat and serve.

YIELD: 4 servings.

Burnett's Host Oklahoma Guests; Families Father For Father's Day

By Mrs. S. S. Hickman
Telephone 1175-J-4

C. W. and Burney Harris of Oklahoma City, Okla., visited Mr. and Mrs. Julian Burnett Thursday. Other guests in the Burnett home for Father's Day were their children, Mr. and Mrs. Hetzel Burnett and son, Rodney, of Houston, and Mr. and Mrs. J. D. Martin and son Ted.

Sunday dinner guests of Mrs. S. S. Hickman were Mrs. W. J. Fontaine, Misses Deane White, Karen Fontaine and Rev. Melburn Sibley.

Major and Mrs. John B. Duncan of Fort Riley, Kansas, were guests of Mr. and Mrs. Carlton Crook on Wednesday. As a civilian, Major Duncan is a Methodist minister.

Mrs. Ben Massengale and daughters, Mrs. Bernard White and son, Donnie, and Miss Barbara Massengale spent Saturday with Misses Olivia and Mary Lena Duncan and other relatives in Waco.

Benny C. Massengale left by plane Monday for the Naval Base at Jacksonville, Florida, where he has been given a new assignment at Newfoundland. He and Mrs. Massengale and little son have been visiting his parents, Mr. and Mrs. Ben Massengale.

Jean Ann and Mary Jane McGlothlin of Houston, Jackie Stidham of Hearne and Tom and Nancy Moody of Cameron visited their grandparents, Mr. and Mrs.

Captain and Mrs. Frank Schiffel and son, Frank, Jr. of Lincoln, Nebraska, who were visiting Mrs. Schiffel's parents, Mr. and Mrs. Dewey Black, were called to St. Louis, Monday due to the serious illness of Capt. Schiffel's mother.

There is a mild argument going on along the Texas coast about creel limits on salt water fish. Some people, mostly business men, are afraid fishermen may deplete the supply.

Story Of Cameron Business Leadership

Fair Dealing, Good Services Await Earle Pearson Customers

Fair, dependable service and dealing await motorists at Earle Pearson Chevrolet.

"Our first aim is to give honest, dependable service that continues long after the sale of a new 1958 Chevrolet or an OK used car," Owner Earle Pearson emphasizes. "We want the confidence of our customers, lasting customers. The best way we know to keep their confidence is with straight-forward business dealing."

Pearson has the service of a well-staffed Chevrolet agency to back his policies with competent, well-timed action.

Long-Experience

Larry Hackebell offers service direction backed by 23 years in Chevrolet. Parts Manager Gus Plentl knows his well-stocked department well after six years experience. And young Robert Bar-

ing knows his Chevrolets. The 1957 Yoe High School graduate won a 1958 Chevrolet for outstanding sales work in the Houston district.

Recently returned to the Pearson sales staff is Carroll McElwath, experienced auto salesman. Joe Lee Heitman works in the bookkeeping department while Lawrence Jetter, Chevrolet school-trained specialist in air-conditioning and body work, and John Kohl, experienced auto repairman, carry out mechanics' duties. Other Pearson staff members are Robert Herbenberger and Mike Salazar, wash and lube technicians.

A veteran of 23 years in Chevrolet sales, service and parts, Pearson is also experienced in auto financing through GMAC and offers installment financing of reasonable repair bills.

"We also feature auto insurance

on our new and used cars," Pearson continues.

Save At Home

"We believe that our customers and friends will find new car and truck deals at Earle Pearson's attractive enough to save shopping around for better ones," Pearson points out.

He says that constant improvement goes on at his facilities at 100 S. Travis St., Cameron. He is adding repair equipment to increase the range of repair services available to Chevrolet drivers.

Pearson sells all lines of Chevrolet cars and trucks and has fine OK used cars.

"We feel integrity is still the foundation of a successful, enduring business. That is Earle Pearson Chevrolet," he says.

Proper Car Care Means Long Life For Car: Dodson

Preventive maintenance is the most important thing for the life of a car, Eddie Dodson, veteran mechanic-owner of Dodson's Garage, 107 N. Crockett, points out to customers.

A veteran mechanic with a lifetime of experience behind him, Dodson says his garage offers the complete tune-up and check-up service that makes driving a pleasure.

He points out that the summer season should mean check-up time for Milam County drivers who want to be ready for vacation driving requirements, and different road conditions for the car.

"We can do all general auto repair on all makes of cars," Dodson says. "We specialize in wheel balancing and offer a fine brake repair and wheel alignment service."

Summer Tune-Up

It's time to get that summer tune-up, Dodson emphasizes. Dodson and his associate, Cozine Sheffield, an ace mechanic of 20 years experience, check the general condition of a car before they tackle the specific problems at hand.

"That way," Dodson continues, "we don't overlook something else that the motorist might overlook."

"And we offer pick-up and delivery service for city customers and prompt service for all customer whose cars go through my shop," Dodson goes on.

Dodson sells Westrick batteries for trucks, cars, and tractors as well as offering a battery charging service. And he has a good stock of standard name-brand auto parts on hand.

Dodson's summer business hours are from 7 a.m. to 6 p.m.

Sheffield, a native countian, is a general repair expert with 20 years of repair experience including work on naval motors, power plants and diesel engineering school. He also has experience in large car dealers service departments.

Veteran Mechanic

Dodson is a lifetime veteran of auto mechanics. Born in Ben Arnold, he has attended practically every type of auto school and worked as an airplane mechanic for four years during World War II. Included in his long experience and schooling is training in personal management.

Childress Insurance Blends Know How, Long Experience

George Childress Insurance provides youthful insurance know how with long business experience "on the insurance corner, North Houston at West First St."

Owner George Childress points out that his insurance business offers complete insurance counsel and coverage including fire, auto, and life insurance.

His associate, James M. Wiggs, represents Southwestern Life Insurance Co., an outstanding insurance service at Childress Insurance.

Major companies represented by Childress are the Aetna group, Hartford fire group, Republic fire and casualty and National Surety (Fireman's Fund). His agency represents a number of other leading insurance companies.

Also employed in the Childress agency is Mrs. Thomas L. Jacks, office secretary.

Insurance Specialist

Wiggs, a specialist in fire, casualty and life insurance needs, has attended a number of insurance schools such as the Aetna school in Hartford, Conn. He recently attended a specialized school in

Dallas sponsored by Southwestern Life.

"We strive for a well-rounded insurance service organization," Childress says. "We believe that the user of insurance can best be served when our personnel have a wide background in all types of insurance."

Childress also features auto financing and loans along with his insurance agency. He points out that he started out in the auto loan business in the early 1920's before many people felt auto financing was sound business.

"But now," Childress says, "everybody is in the auto insurance and finance business. We think our long experience puts us in good position to work out sound auto loans."

Childress started in the auto financing business with other partners in 1923. He managed the old Central Loan Co. which was liquidated in 1940. Childress maintained his own car financing after 1940 in the Citizens Bank Building, site of the loan company.

His present agency dates from 1940. Wiggs joined the agency in

1951 after graduating from Southwestern Texas State College at San Marcos. He has a bachelor's in business administration.

Childress is a native Milam Countian, graduating from high school in Cameron and serving in World War I. He and Mrs. Childress reside at 1005 E. 14th St.

Mr. and Mrs. Wiggs and their two-year-old son, Jay, and infant daughter, Lisa Gay, reside at 402 N. Central.

Wide Group Planning

"We offer any type of insurance group plan," Childress emphasizes, "which can be financed in monthly payments."

"Jimmy, Mrs. Jacks and I work to keep pace with modern insurance trends and needs," Childress continues. "We believe we can offer as sound insurance counsel and coverage as any agency in Central Texas."

Childress asks that clients call Phone 3 for an appointment or drop in and discuss their insurance program with Wiggs or himself.

June Is Month For Eating Out-Of-Doors

June is a month of much eating out-of-doors. June is also dairy month. The two go hand in hand, for dairy foods fit right into dishes for out-of-door meals.

A salad is almost a must with barbecue, fried chicken or sandwich meals. While not a good traveler, green salad goes well with any of the three and is good for backyard serving. A last minute tossing with dressing, then a quick trip from kitchen to table and its crisp and delicious. Add grated American, Swiss or Parmesan cheese to lettuce or mixed salad greens, season with salt, pepper, garlic, a dash of Worcestershire and toss with salad oil and lemon juice. One-half cup oil and one-third cup lemon juice is about right for 3 quarts salad greens.

Sliced baked ham served cold is delicious with sour cream horseradish sauce. Whip 1 cup sour cream, add one-half teaspoon salt, 1 teaspoon sugar and gradually stir in 6 tablespoons grated horseradish. In case of a fish fry, this sauce is equally good with fish.

Almost as often as out-of-door meals are served, potato salad will be made. Cubes of golden American cheese do wonders for it. Add one and one-half cups of one-fourth inch cubes to about 3 cups diced cooked potatoes and proceed as usual. Sour cream fits potato salad too, but leave out the cheese. For a recipe using 3 cups diced potatoes and the customary hard-cooked eggs, celery, pickles and seasonings, make a dressing of 1 cup sour cream, one-half cup mayonnaise, 1 teaspoon prepared mustard and 2 tablespoons lemon juice or vinegar. Blend the dressing, pour it over the salad and toss until well mixed. Chill at least 1 hour before serving.

For dessert easy to eat and easy to serve, fresh fruit and cookies are hard to beat. Always popular, they are good to have along for snacks if the out-of-doors occasion is an all day affair.

RECIPE OF THE WEEK
Malted Milk Drop Cookies: Sift

together two and three-fourths cups sifted flour, one-half teaspoon soda, one-half teaspoon baking powder and one-half teaspoon salt. Cream one-half cup butter or margarine, one and one-fourth cups sugar and one-fourth cup malted milk powder. Mix in two eggs, one cup buttermilk and one teaspoon vanilla. Stir in the sifted dry ingredients and one cup chopped pecans, if desired. Chill dough for several hours. Drop by teaspoons on light greased baking sheet. Bake in hot oven (425 degrees F.) 8 to 10 minutes or until delicately browned. Makes approximately 5 dozen.

TELEPHONE TALK

A REAI BARGAIN

Telephone service is a greater bargain today than ever before. You may not feel that it is in view of recent small increases in cost, but have you ever really thought about what you get for the few cents a day you pay? One of the best ways I know to determine what a bargain our service is today is to pretend that you don't have a telephone for a few days.

No one would do this of course, but each time you make a call think about what you would have to do to accomplish its purpose should you not have a telephone. The answer in most cases would be numerous and inconvenient trips in the car to attend to the many things which can be accomplished by a telephone call to any of the thousands of telephones you may call. There is also the pleasure of talking to friends and relatives in other towns, and there are emergency calls to the doctor, police, etc.

Telephone service is a pretty good bargain, after all, isn't it?

FOR PARENTS ONLY

Now that summer is here and the children are out of school, I imagine the family's telephone service is getting an extra-good workout.

I guess teenagers, and even the smaller fry, need the telephone more often during vacation months. They use it to line-up sand lot ball games, swimming parties, movie dates, and a good many other things, as we all know.

It would be hard to find a better time than now to order an extension telephone. Put it in a room where it will be handiest for the youngsters. They'll enjoy the privacy and so will you. Best of all, you'll save yourself no telling how many dashes to answer incoming calls that always seem to be for them.

To order an extension, just call the telephone business office, 244. The cost is only \$1.00 a month for a residence extension, plus tax and installation.

MEMO TO BUSINESSMEN

I heard a businessman remark recently that he's going over his operations with a fine-tooth comb to trim unnecessary expenses. And one item he planned to cut was Long Distance.

I wonder if he wasn't making a mistake. I can understand the desire to cut costs. But, rather than cut Long Distance, he should use his telephone even MORE for out-of-town calling.

Many businessmen have proved it in for themselves, and here's how: Instead of you or your salesmen taking a day to visit several prospective customers in other cities, call them Long Distance. It saves travel on the highway, and turns travel time into selling time. And a telephone call is almost as personal as a visit and just as appreciated.

Try it yourself and watch the results. I think in the end you'll agree with our belief that Long Distance doesn't cost, it pays.

Call by number. It's twice as fast.

Pimpler's Home Is Mystery Farm

The Mystery Farm last week has been identified as the farm home of Edmund Pimpler, US 77, five miles north.

Pimpler purchased the 95-acre farm from Henry Reeves in 1946. A carpenter and contractor, Pimpler built his farm home and other buildings on the land that was once only a plot of farm ground.

Pimpler says he grows wheat, oats, maize and corn on his farm. He is interested in improving his soil like all land owners, Pimpler emphasizes, by using fertilizer and cover crops.

V. L. Angell has worked the farm for the past several years, Pimpler points out.

The pimplers have two sons, Harold, 19, and Donald, 13.

Cardinals Lose To Red Sox 3-1

The Cameron Cardinals were defeated by Georgetown by a score of 3 to 2 Sunday.

The Red Sox scored their three runs in the top of the first on singles by Hill and Dehnam. A double by Schwitzer and an error enabled the men on base to score. Tony Mendoza relieved starter Zeke DeLaRosa and held the Red Sox scoreless the rest of the game.

The lone Cameron run was scored when Manuel Aldams walked and scored on a fielders choice. Catcher Louis DeLa Rosa, Jr. got 2 hits for Cameron, the only home player to do so.

The Cardinals will play Austin at Colonial field at 2:30 p.m. Sunday.

Tom Murray's Column

CHAMPIONS are easily discernible.

They possess God-supplied qualities for being big when the animal in them quakes with anguish.

Charles Andrew Krueger, All-America Texas A&M tackle, is a champion - a man's man.

The young Caldwell giant scaled the heights of national fame for three years as "Bear Bryant's kind of football player."

Beverly, his pretty wife, and Charles were amply feted throughout the winter. Their names and faces graced national television and press.

But two weeks ago a severely crushing blow befell this happy couple when their newborn baby boy, Charles Andrew Jr., failed to live through his second day.

Only those familiar with the same fate realize the void, the absolute loss Charles and Beverly feel.

But no couple ever took their loss more maturely.

What a priceless asset Texas A&M possesses with Krueger a part of its hallowed lore.

RODY ODSBORNE, 56 Aggie All-Conference quarterback, and his wife also lost a new-born child.

Vic Bacicek, All-Conference University of Texas guard of the late 40s currently pastimes as Blair Cherry's chief engineer in the former Longhorn mentor's million-

aire Lubbock oil business. To those of short memory, Vic was a smashing El Campo Ricebird fullback in schoolboy days.

Tiny Midlothian, South of Ft. Worth, can qualify as a metropolis at producing well-known Texas athletes. Jon Few, already labeled a better runner than John Crow after his frosh year at A&M, TCU Junior Tackle Ron Floyd and Texas Light-heavyweight Champion Donnie Fleeman call Midlothian home.

Wharton's supreme athlete of all time Frank Guess, who later punted for UT, has become a solid success in Amarillo insurance.

Jack Gallagher, the sports writers' "Daddy Warbucks," says Bert Coan's decision came because of his minister's influence. Bert does not deny the influence but gives Brother Abe Martin, Frog football master, the major credit.

Eagle Lake, a city of scant size, can match anybody on a ninehole golf course.

"They like that golf here," says Pitcher Bill Henry from Portland

of the Pacific Coast League they got one of the hottest shooting

left-hand basketball players in Texas as high school history. Bill, Billy Huffman and Bill Butler led Pasadena to the state Class A basketball championship in the winter of 1946.

Port Neches Chronicle Publisher O. J. (Red) Wilkerson, one of the real vets at covering school-boy football, thinks Port Neches' '54 team that failed to win an expected state championship, was perhaps the greatest team that prolific hotbed ever milled.

June Davis, the once loss-besieged Orange mentor is perfectly serene as one of Ken Wilson's Brazosport assistants.

Jones didn't allow a hit in his 7 innings of pitching while striking out 11 men. Robert Moraw fanned 16, giving up 3 hits. Billy Holloway took over in the 8th and was the losing pitcher. Ronald McWilliams pitched the 8th for the Braves and held the Bears hitless.

Plentl, Laffere, Bryan, and Perrin were credited with getting the Braves hits while McKinney was given a fielders choice on his 8th inning hit.

The Braves who had an 11 to 0 lead in the 3rd inning sent the Yankees down to a 15 to 11 defeat in a little league game Friday.

Ronald McWilliams started for the Braves and held the Yankees scoreless until the 3rd when Bobby Nelson led off with a single and Larry Bowen reached base on an error. Richard Bradshaw singled scoring Bowen and Nelson. Craig Wallace walked, Billy Clark doubled and they scored in front if Robert Eikenhorst. The score was 11 to 6 at the end of the inning.

Bobby Jones replaced McWilliams. The Braves went ahead to score 4 more times and Jones held the Yankees to 5 runs. In all the Braves collected 17 hits with Douglas Bryan, Mark Perrin, Lawrence Laffere, and Jones each getting 3 hits. Jones and Laffere also scored 3 times.

The leading Yank hitters were Robert Eikenhorst who homered and went 3 for 3 while Larry Bowen went 3 for 4 and Bobby Nelson went 3 for 3.

Losing pitcher was starter Bobby Nelson who was relieved by Larry Bowen in the 4th. McWilliams took the win for the Braves.

John Marshall Leads Merchants In 9-3 Victory

The Cameron Merchants scored 9 times to down Killeen 9 to 3 Sunday there.

John Marshall struck out 7 men the distance and taking credit for the win.

Cameron collected 11 hits off Killeen and worked them for 10 walks and 3 hit batters. The leading Cameron hitters were Sonny Raymond who went 2 for 3 and Cook who went 2 for 4. Buck Wilkerson hit the only homer of the game for the Merchants.

B. L. Wilkerson got 3 hits for the losers with Sope taking the loss for Killeen.

Cameron is now second in the Central Texas league with 5 wins and 2 losses. Killeen has the same record. Hurricane Fence of Temple is in 1st with a 6 and 1 record while Pendleton is 2 and 4 for the year.

Jones Pitches Sox To Victory

The White Sox behind Dennis Jones mauled the Indians 10 to 5 in a Little League game Thursday night at Yoe High Field.

The White Sox scored 10 runs on 9 hits with their leading hitter Robert Woodum going 3 for 4, while James Vogelsang went 2 for 3. David Mees was the only White Sox player to score twice.

Jones went the distance and took the win for the White Sox though he gave up 12 hits to the Indians.

Merlin Lester took the loss with Dickie Ponder relieving Lester in the 5th and finishing for the Indians.

The Indians got their bat strength from Glen McCarty and Frankie Dornier who both went 2 for 3. Lester slammed the only homer of the game for the Indians.

Jones Leads Braves

Past Bears 2-1 In

Extra Inning Game

Bobby Jones pitched no hit ball as the Braves edged the Bears 2 to 1 in 8 innings in the tightest and most exciting game of the year Monday in a Little League game.

The game went 2 extra innings and was all tied up until the bottom of the 8th when Larry Plentl led off with a double, stole 3rd and came home with the winning run after Mack McKinney drove a ball between 1st and 2nd.

Jones was in a tight pitching duel with Robert Moraw until the 7th inning when both pitchers were removed according to league rules.

The Bears scored in the top of the 1st when Billy Holloway stole home and the Braves scored their first run in the bottom of the first when Douglas Bryan led off with a triple and reached home on a wild pitch.

Jones didn't allow a hit in his 7 innings of pitching while striking out 11 men. Robert Moraw fanned 16, giving up 3 hits. Billy Holloway took over in the 8th and was the losing pitcher. Ronald McWilliams pitched the 8th for the Braves and held the Bears hitless.

Plentl, Laffere, Bryan, and Perrin were credited with getting the Braves hits while McKinney was given a fielders choice on his 8th inning hit.

NOT JUST BIG — GIGANTIC — Here's a fish story that only these pictures would prove actually happened. L. T. Warren holds aloft a 59-pound blue cat caught June 7 in Little River. He was among a group of fishermen that landed the four and one-half foot monster on the river northeast of Cameron. In

the picture right are W. T. Warren; young Don, Warren's son; David Miller and Virgil Miller holding the catch. Other members in the fishing party were R. A. Miller and Leonard Brooks. The fish was landed from a trotline into a boat.

A&M Slide Rule Contest Won By Franklin Moore

Franklin Moore, 1957 graduate of Yoe High School and son of Mr. and Mrs. J. D. Moore, has been announced as first-place winner in the electrical engineering division of the annual slide rule contest at Texas A&M College.

The contest is administered an-

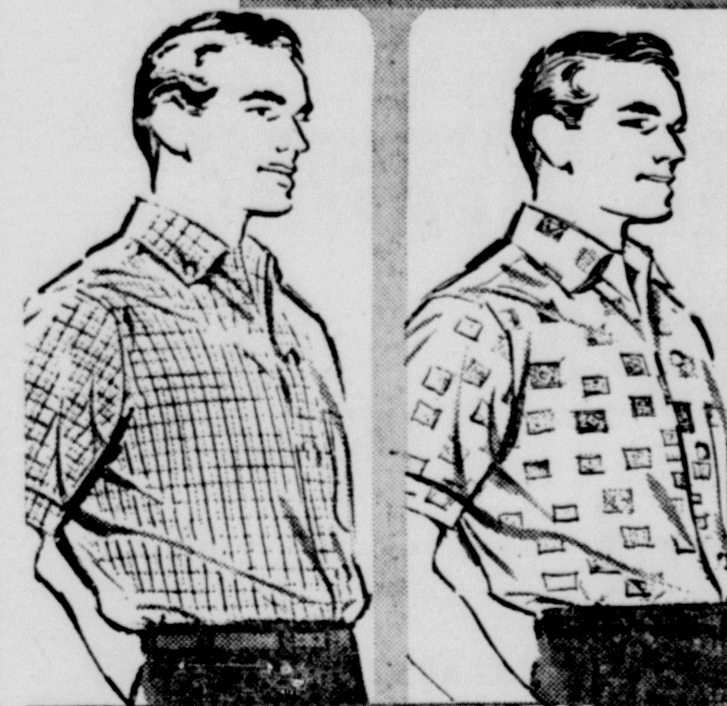

nually by the Department of Mechanical Engineering, and includes students in the top ten percent of their engineering problems class. About 60 freshman engineering students participated.

In recognition of his achievement, Moore was awarded a

bronze plaque and a slide rule. Valedictorian of his graduating class at Yoe High, he had participated in two Interscholastic League state slide rule contests, and is at present a sophomore in electrical engineering at Texas A&M.
